WCHA – MEET UP – SATURDAY, AUGUST 25 on Canandaigua Lake at Dave & Sue's

By: Sue Miller

Mother Nature cooperated by giving us a beautiful afternoon, albeit a bit breezy, with significant white caps that precluded paddling. WCHA must have a bunch of weather watchers, as no one brought canoes. But, we were entertained by more than 20 catamarans racing back and forth at the north end of the lake, which was a planned weekend activity of the adjacent Canandaigua Yacht Club.

Paul Rumsey was the first to arrive and we got to view his new GMC truck. Gradually more participants arrived bringing with them a great variety of FOOD. Plump fresh tomatoes arrived with Lamoy's. Some were sliced to top hamburgers and some were put in a tomato salad. Altemus' shrimp cocktail and

Wirschem's pretzel dips were yummy and complimented the corn dip and other snacks as cold beverages were acquired from the garage refrigerator. Pete Shea and Dave manned the grill preparing chicken, hamburgers and Portobello mushrooms. The grilled items were the first items to pick up as each person travelled through the food line. So many wonderful dishes – Salads - Caprese, potato, macaroni, and a green salad with a wonderful creamy curry dressing. After decimating the main course options, the DESSERTS were put out. So many choices – brownies, blueberry crisp and pies. Only a few pieces of each remained at the end of the food frenzy. Everyone helped to clean up and help put away chairs, tables and the canopy. With bellies full, hugs and well wishes for safe travels home the gathering came to an end.

The following is the recipe for the Corn/Bean Salsa:

Corn/Bean Salsa

1 can shoepeg corn (drained)
 1 can black eye peas (drained and rinsed)
 1 med red onion (diced)
 1/8 cup sugar (or maple syrup or honey)
 1/8 cup tiger sauce
 1/8 cup cider vinegar
 1/8 cup oil

Mix sauce ingredients together and add drained veggies and onion
 Chill – make 24 to 48 hours ahead (I've even made this up minutes before guests arrive and it just as good.
 Serve with scoops tostadas

Left overs go well in green salads.

Enjoy.

(This is a reminder for those of us going on the weekend in the Adirondacks)

First of all, thanks for continuing to send me the Chapter 1 newsletter. I take vicarious pleasure in following our exploits even if I have never attended a meeting or have made it to a WCHA Assembly in a number of years.

I'm sending you this note as we are in the midst of preparing for a downsizing of our living arrangements and I'm trying "downsize" some stuff that I have. While I know you're not Craigslist, my hope is that you might offer a hardcopy of this email at your next get together & it might strike a resonance with someone.

SO— — —Free to a good home

- about 36 18 ft. (approx.) western cedar strips for making strip canoes. This is milled with a bead and cove configuration. Hardly enough to make a canoe but enough to use for contrasting strips or a part of a hull. I think I ordered this from Flounder Bay a number of years ago so it is well seasoned! Also some odd pieces of mahogany.

- a slab of cherry lumber about 7' long x about 8" wide x 1.25" thick. Won it at a raffle at the WCHA at Paul Smith's many years ago. The intent was to make a paddle, but despite the best of intentions.....

AND — — Not quite free to a good home:

- Strip canoe built by me using "Abenaki" hull design from David Hazen's guide to strip canoe building, the first of 6 that I have built. 17' 3" long, 34" wide, 1' 1" deep (midship). Weight about 60+ lbs. Materials; redwood strips, mahogany gunwales, glass cloth and West epoxy, ash thwart. Varnished inside and out.

- Built about 20+ years ago. Definitely used but in good condition. Stored indoors.

I'd like to stroke my ego and get about \$200 for it, but I am open to negotiation.

Email would be the preferred contact method. I live in Brighton not far from twelve corners.

Best,
